

GOLF COURSE & DRIVING RANGE EQUIPMENT

2013 - 2014

EUROPE'S LARGEST DISTRIBUTOR OF GOLF COURSE AND DRIVING RANGE EQUIPMENT

DRIVEN TO BE BETTER

We have built on the philosophy that we are here to do our customers' homework: to select the right products at the right conditions; to provide a one stop shop with the highest possible service level; to be more complete, faster and better all the time. We have been passionate to reach our goals and will continue to be exactly that.

In our view, constant improvement can only be achieved by continuous investment in our people and our organization. Here, we focus on developing the next generation of products and on streamlining our distribution and administration to better serve you. In this, we have been setting the trend for the last 26 years, and have been rewarded with your business. We thank you, our ever increasing customer base, for your trust and your sharing of our views and ideas.

With the increasing growth and professionalization of our industry, only companies which grow with it are able to provide the required service; these will – in the end – be the ones who survive to fulfill your requirements even better.

Whilst we have crossed borders, we stay in touch with every local market. We stay focused on our and your goals and see your satisfaction as the only true measure of our success. We have not become complacent, and our promise to you is that we never will. The delivery of the highest quality is, and will be, what we strive for; it is in our mentality and our nature.

In our efforts to provide the ultimate service we have asked you, our customers, if we should continue to bring you a printed catalogue – the result is in front of you – the majority of our customer base still appreciates a hardcopy and we will continue to bring you one as long as you ask us to. This catalogue is one of the results of our constant development. As we are, it is more complete and better; it brings you state of the art products which will fulfill your every need.

Remaining passionate for golf and passionate to change and improve the industry, we thank you for being such good and inspiring customers – it drives us to be better all the time.

Duco van Oosterhout

Standard yellow **DU21012**

White logo print **DU21013**
Yellow logo print **DU21014**

All balls can be printed, either rotary or on the pole of the ball. All Duchell's golf balls are imprinted during the process of manufacturing, before the finishing layer of lacquer. This enhances the durability of the imprint as opposed to golf balls imprinted after production. Please ask for a quote.

-TURF MATS-

DUCHELL TURFMATS

- Turf made of nylon 6.6 or nylon 6, heat bonded to base for the best durability in the market.
- Super performance.
- Four holes for tee positioning which enable you to turn the mat.
- Available in two versions: square and octagonal.
- Mat size: 147 x 147 cm or 150 x 150 cm.
- Weight approx: 20 kg.

**AIR BASE BACKING**

- Carefully designed backing with air pockets for more comfort and less damage to elbows and wrists.

Square	DU22507A	150 x 150 cm
Square	DU22507B	147 x 147 cm
Octagonal	DU22512	

AIR FLEX BACKING

- Special layer of interwoven nylon fibres for extra shock absorption. Comfortable stance and hitting features.

Square	DU22519	150 x 150 cm
Octagonal	DU22531	

GREENTEC PRO

- 3-layer for comfortable play.
- Comes with 15 mm foam and 5 mm hard rubber.
- 15 mm knitted nylon.

Square	DU22598	150 x 150 cm
Square	DU22596	147 x 147 cm
Octagonal	DU22590	

- MAT FRAMES -

IMAX CLASSIC AIRLASTIC FRAME

- 20 mm rubber granulate airlastic base has a combination of air and elasticity for improved shock absorption for comfortable play.
- Combine the looks of the Classic with the economical features of the reusable frame.
- Will hold any 150 x 150 cm range mat (mat not included).
- Outer size 170 x 170 cm, weight 50 kg.

Classic Airlastic Frame only for 150 cm mat **MX221204**
 Classic Airlastic Frame only for 147 cm mat **MX221203***

** On request only.*

The thick granulate base with air chambers combined with the base of the range mat gives the player maximum shock absorption.

IMAX MATKEEPER

The Matkeeper offers the perfect inexpensive way to finish your driving range mat.

- Made from highly durable rubber.
- Drainage holes in the base to prevent the mat sitting in water.
- Prevents lighter-weights mats from moving in the bay.
- Will hold any 150 x 150 cm range mat (not included).
- Outer size: 156 x 156 cm.
- Weight: 27 kg.

Imax Matkeeper **MX 221300**

Perfect combination with any of the Duchell turf mats.

Predrilled holes for maximum water drainage.

-CLASSIC AIRLASTIC RANGE MAT-

IMAX CLASSIC AIRLASTIC RANGE MAT

- The 20 mm rubber granulate airlastic backing has a combination of air and elasticity for improved energy and shock absorption for comfortable play.
- The turf is heatbonded to the base- therefore preventing separation.
- No more bouncing of clubs as the closed air chambers provide energy resitution for maximum comfort.
- Bottom layer designed to decrease slide and increase stability.
- Top layer manufactured with nylon 6.6 pile for long life.
- Playing mat size 150 x 150 cm.

Turf heatbonded to the base

- Mat size: 170 x 170 cm.
- Weight: 50 kg.

Airlastic Square

MX221200

-IMAX AIRLASTIC ULTIMA -

IMAX AIRLASTIC ULTIMA THE BEST OF ALL WORLDS COMBINED IN 1 MAT SYSTEM!

- Knitted nylon stance mat 118 x 118 cm with solid rubber base to ensure stability.
- Rubber foundation 124 x 155 cm for a single. Double: 124 x 185 cm.
- Patented Imax Airlastic Ultima insert for maximum comfort, durability and the finest imitation of real turf.
- Ball tray sold separately.
- Available in a single and double sided version, shown is the single sided mat system.

COMPLETE SYSTEMS:

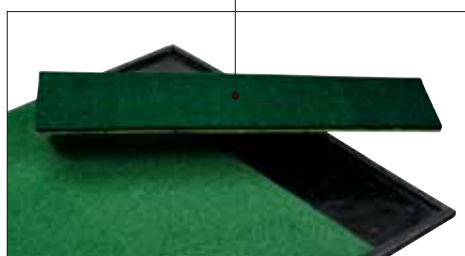

Imax Airlastic Ultima single sided system	MX221400
Imax Airlastic Ultima double sided system	MX221500
Ball wing	MX221405

This system is also available as a double sided system (inserts on both sides of the mat).

COMPLETE SYSTEMS CONSISTS OF:

Imax single sided rubber frame only	MX221401
Imax double sided rubber frame only	MX221501
Imax system stance mat 118 x 118 cm	MX221402
Imax Airlastic Ultima insert 118 x 30 cm	MX221403

Modular system consisting of rubber frame, stance mat and the patented Imax @ Airlastic insert.

Imax Ultima insert comes with 4 standard tee holes.

- PROJECTS -

ARTIFICIAL TURF

Duchell offers a full range of artificial turf. From turf tee lines to greens and range grass – Duchell offers 'on site' advise and custom quotes. Do ask our experts for a visit. Shown on this page are some examples of the projects Duchell has realized over the last few years.

Artificial tee lines and artificial turf tee boxes give you an all year round perfect tee solution, no watering or divots and playable in any weather condition. Duchell's tee turf has a great resemblance with natural turf and offers the players the possibility to tee-up using their own wooden tees.

Target greens will make your range more attractive for practice – nicely visible target greens are available in any size and either single or multiple coloured. In combination with our highly durable range grass you will create a cosy ambiance on the driving range and people will enjoy practicing even more.

Range grass & target greens

-ARTIFICIAL GRASS-

RANGE GRASS

- Create a cosy ambiance on your driving range and people will even more enjoy practicing!
- Superb quality sand-filled artificial grass for long lasting life.
- Filled with round-shaped, dried silica sand.
- Can also be filled with rubber in order to increase the shock absorbency of the (target) green.
- Suitable for indoor and outdoor.
- Golf mats can be laid down on top of the turf or can be cut-in in the frames.
- Available in 4 colours: Olive (simulating fairways), Verde (simulating greens), Blue (simulating water-hazards) and White (simulating bunkers).
- Roll width 4.10 mtr., roll length as per project.

-TRAY & TEES-

THE JOBELI TEE - USERS SELF INSTALL AT CUSTOMERS' PREFERRED HEIGHT IN A SLITTED MAT

- Replaces self install rubber tees and lifting of mats on conventional range mats.
- Reduces danger by keeping the player on the mat instead of going out to the field looking for the wooden tees.
- Flexible tee stays in the mat and returns to original position after stroke.
- User cuts the tee down to own desired height.
- Tees mostly sold through the Pro shop.
- Packed per 40.

DU29310

Flexible tee stays in the mat stroke after stroke.

Easy to use, just push the tee into the slitted mat.

TEE GROUND ANCHOR

- Offers the possibility to have a fixed rubber tee location on grass tees.
- The Tee Ground Anchor is designed to be used with any type of rubber tee, just press the ring into the ground and you are ready to play.
- Hit shot after shot on a grass tee without having to retrieve and replace wooden tees enabling the player to keep position and angle.
- Easily add hitting locations for clinics or lessons on grass tees.

DU22610

RECYCLED RUBBER BALL TRAY

- Made of recycled rubber.
- Holds approx. 100 balls.
- Size: 63 x 33 cm.

RSRAM0010

- FUN ON THE RANGE -

Make your range more fun and exciting by offering a variety of appealing targets. Shown are a few of the options, view our website for more examples. If the players don't get bored, they'll practice longer!

RUGBY GOAL

A very good aid for direction practice. Users will appreciate this target practice aid and enjoy hitting a few extra balls. Material choices can vary between wood, steel or aluminum.

DISTANCE SIGN "TRAFFIC"

The signs will make a hell of a noise when hit and tease the golfers to aim for them again. This steel metal sheet sign will dent but not break and would only need a new sticker after a while. Fun to play 'who hits first' and bring some action on the range.

- TARGET GREENS -

TARGET GREENS

Make your range more attractive by adding some nice highly visible targets to it. No problems collecting balls here as the pickers can drive straight over it. Duchell's target greens are sand filled to assure a real turf simulation by having a green that will really stop a ball like real turf would do.

These greens can be supplied as a standard package for self installation or can be installed by our specialized crew – a stable base is required for maximum performance. Two standard packages are offered and come with full installation manuals; the version shown on the picture with a 2 meter diameter centre in red surrounded by a white and green circle of each 1 meters wide making it a 6 meter diameter target. We also offer a 4 meter version with a yellow centre of 1,30 meters and a white and green circle of 0,65 meter each. Of course any custom requirement can be handled covering any possible colour and size combination. available in any size or shape

Target Green 6 meter diameter (red/white/green) **DU24206**

Target Green 4 meter diameter (yellow/white/green) **DU24208**

Installation on request.

- BAY DIVIDERS -

PATISSON TEAKWOOD BAY DIVIDER

- Made from real teak wood.
- For the classic look on your driving range.
- Stabelizing feet made from stainless steel.
- Size: 120 x 68 cm.

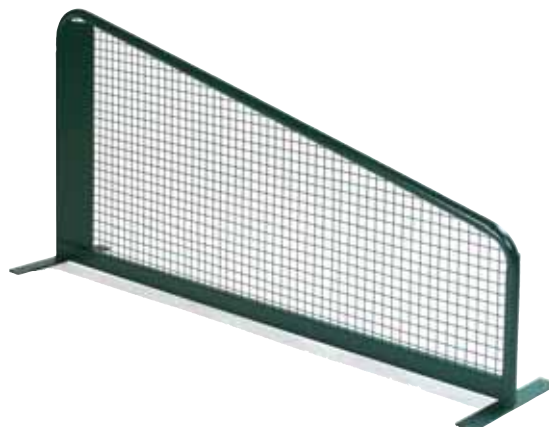

DU82333

STEEL BAY DIVIDER

- Made from zinc-plated and powder-coated steel.
- Colour: green.
- Size: 152 x 76 x 4 cm.

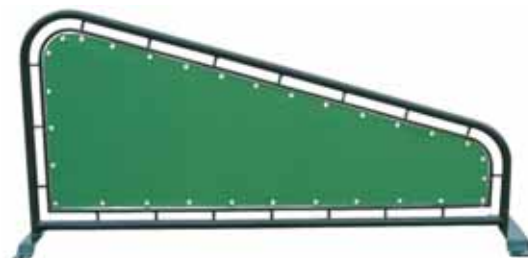

P77680

PROMOTIONAL BAY DIVIDER

- Made from zinc-plated and powder coated steel.
- Comes with plain vinyl banner.
- Size: 152 x 76 x 4 cm.
- Sponsor print on request

P77681

- TRACK TEE -

TRACK TEE – IMMEDIATE PRECISE AND RELIABLE FEEDBACK FOR INSTANT RESULTS.

- Bay divider with integrated ball flight monitor.
- Doppler radar calculates the distance and speed after each shot and the result is displayed at the easy to read screen.
- Golfers will appreciate the Track Tee as they review the distance and ball speed of each shot.
- Output can be set to display both carry or total distance.
- Constructed of high impact UV stable plastics and powder coated frame.
- Designed for covered and non- covered ranges – waterproof as well as UV stable.
- Advertising panels on both sides.
- Size of total unit: 61 cm (H) x 122 cm (W) x 7 cm (D).
- Operates on 9 Volt DC comes with 220 Volt transformer.

RSTRA000

TRACK TEE WITH ADVERTISING – APPEALING PANELS TO ATTRACT GOLFERS' ATTENTION.

- Removable advertising panels attached to both sides of the unit.
- Natural attraction as the golfer looks at the display shot after shot.
- See website for more images.

WORD FROM THE OWNER

"Duchell, under the direction of Duco van Oosterhout has been instrumental in the successful launch of e-range in Europe over the past 7 years. Without the professionalism and dedication of this company and it's amazing group of employees, e-range would not have been the success we see today.

We at e-range have enjoyed our 7 year relationship with Duco and the Duchell team and are proud to consider them not only a valued customer and business partner, but also friends of the entire team at e-range. This relationship will no doubt continue to flourish in the years to come."

LORNA GARRATT

Sales Manager - Owner E-range

WHAT'S AN E-KEY?

The e-key is essentially a small computer chip encased in a stainless steel container that resembles a watch battery in size and shape. The e-key is designed to withstand punishment and abuse that would render any other card system inoperative.

ABOUT THE READER

The e-reader is a weatherproof reader without moving parts that can break or wear out. It uses special e-keys instead of the conventional smart cards. E-reader comes with display for information and instructions.

Every e-range system comes complete with software and key-loading device. Available in 4 versions depending on the level of information and possibilities required.

The basic VSD version offers: 3 selection prices/sizes, revalue customer e-keys and revalue software. The extended versions can offer a data carrier to download events from the reader, a "void en replace" lost and stolen accounts option, all sorts of graphics, reports and spreadsheets as well as a PIN code option to replace tokens. This PIN code uses wireless Pintronics software. Activate your ball dispenser with a single use PIN number, just like the carwash. Simply punch in your PIN number and receive the appropriate bucket of balls.

**Do ask for a full brochure.*

- WE CARE -

WE CARE

Flores is a supplier of a high quality range of teak products for use in golf and country club environments, designed specifically to be functional but unobtrusive, blending into any natural environment just as harmoniously as our raw teak wood did in its original surrounding. Flores take great pride in supplying the Pattisson line of teak products.

We at Flores care about our clients, our employees and the quality of our products. And because we care we take care in our methods and our production techniques.

We also care about the environment and the natural resources we use.

As a natural resource, teak is a precious commodity and, as such, it is in high demand. We at Flores have undertaken to guarantee both our own resources as well as those of Mother Nature. All our wood comes from Indonesia and is bought through and exported under an official, government-backed felling and replanting programme. Most companies consider this to be enough.

We at Flores want to be absolutely sure.

That is why we ourselves, on top of only buying our wood through officially sanctioned replanting programmes, replant a further two trees on our own plantation on the island of Bali for each one taken down for the production of our products.

We at Flores have created a unique range of products using the highest quality teakwood, and through our additional replanting programme we are investing in your and our future by safeguarding the environment.

This enables you, our clients, to fully enjoy our products, with total peace of mind.

PT. Flores International, Bali Indonesia

- TEAK MAINTENANCE -

MAINTENANCE

Teak wood, like any other wood, is a natural material and will react to the effects of the natural changes of the weather and the exposure to direct sunlight. Please find below a brief description of the natural colour and surface change of any teakwood product.

If untreated, teak wood will turn 'grey' as shown on the picture above. Also a natural product will 'work' and the grains of the wood will open slightly due to the effects of the weather. Most people find the natural grey colour the 'charm' of the product. Untreated wood will turn grey after a short period of time and the surface will become slightly rough. A yearly treat with (very fine) sandpaper can be done to keep the surface smooth.

Teak wood can be treated to keep the colour more like the light, more brown, colour. It then needs to be oiled with Teakoil and should be treated every 3-4 months for maximum preservation of the wood or could even be laquered in any colour you may wish. Do not hesitate to contact us should you need more information regarding preservation of teak wood.

- BALL WASHERS -

WORD FROM THE PRESIDENT

Par Aide has been associated with Duchell for perhaps the past 20 years. Since that time, we have watched our market share and sales grow beyond our expectations. Congratulations on your 25th Anniversary! We hope to be with you for the next 25.

STEVE GARSKE

President Par Aide Products Co.

THE PAR AIDE BALL WASHER

Far and away, Par Aide

No matter which Par Aide model you choose, your decision won't be challenged.

A Par Aide ball washer says golf. It says you care about quality. It tells golfers this superintendent is conscious of all the details that make a course enjoyable to play.

- Hand assembled from the highest-quality materials.
- Powder-coated cast aluminium body and cover, stainless steel hardware, nylon bristles set in rubber for durability.
- Patented helical agitator assures thorough cleaning and dependability.
- Improved integrity of powder coating because of a new pre-treatment process and the use of foam rubber gaskets between cover and body.

DELUXE BALL WASHER

Our most popular model. Drain plug located in front for easy cleaning and flushing. Patented internal overflow sends excess liquid down the inside of the pipe stand.

- Capacity: 3.3 litres.
- Weight: 4.5 kg.

Par Aide Red	PA203-01
Hunter Green	PA203-02
Black	PA203-00

PAR AIDE BALL WASHERS OFFER:

- One moving part; easy to maintain and replace.
Unit can be completely flushed and cleaned by removing only two coated, stainless steel set screws.
- Tamper-resistant drain plug with gasket eliminates any chance of leaking.
- Aluminium castings allow for unlimited colour options and unmatched durability.
- Known and preferred by golfers over the world.

RECOMMENDED MAINTENANCE:

- For effective cleaning, use Ball Washer Detergent.
- Regularly refill and change water.
- Touch-up paint as needed (see page 72).

- BALL WASHER ENSEMBLES -

These are a few of the ensembles created to make ordering easy for you. With all of these options, you can place your ensemble design where it's most needed. You may opt to put an ensemble with a club washer on the tee of a par 3 hole, for instance, or one with a Trash Mate® double unit on the tee following the halfway house. Just start with the combination you like and pick a colour. If you don't see the combination you are looking for, simply mix and match by choosing the individual items that best fit your situation.

MASTER ENSEMBLE

- Weight: 10.35 kg.

Par Aide Red **PA50-01**

- BALL WASHER CONSOLES -

WORD FROM THE PRESIDENT

"For the past 25 years, Duchell has played an important part in establishing Standard Golf as the leader in golf course accessories in Europe. We look forward to continuing this partnership this year and in the years to come"

PETER VOORHEES

President Standard Golf Co.

THE ULTIMATE IN CONVENIENT CLEAN-UP

The tee consoles are about the most convenient on-course service you can provide to players for cleaning balls and getting rid of litter. But they aren't the only ones to benefit. Your crew will like the easy of clean-up the litter caddies provide. The mesh construction lets them see at a glance if a caddy needs emptying.

- Stands constructed of heavy gauge steel tubing.
- Powder-coated for long-lasting, weather-resistant finish.
- Screw-in spikes hold the console firmly in the turf, but allow for easy moving.

JUNIOR CONSOLE

The junior console is one of the most popular models and for good reason. Check out these features:

- Economical.
- Black Ball Washer Stand - see page 73 - (**SG36200**) knocks down for easy shipping.

-COMPETITION MARKERS-

Be sure you have these important accessories on hand for your next special event.

Place a contest indicator on the tee to announce the contest on that hole.

The proximity marker goes in the fairway or green to mark the longest drive, closest to the pin or other contests.

PAR AIDE CONTEST INDICATOR EN PROXIMITY MARKER

- Paper-free Proximity Marker includes grease pen, attached by chain. Contest indicator includes unattached grease pen.
- Choose the stock design, or customize with the logo of your course, or the event.
- Designed for easy cleanup. Simply wipe with a clean rag or towel and rotate constantly to eliminate smudging. Any household cleaner works effectively also.
- Eliminates use of messy paper sheets as polycarbonate face allows repeated use of grease pen – and it won't come off in the rain.

-DIVOT MIX CONTAINERS-

The average golfer leaves about 12 ball marks during a typical round of golf. With a daily average of 160 rounds on a typical golf course, your greens will suffer 1.920 ball marks each day and 58.400 ball marks per month equating to more than 700.000 ball marks each year. Further, consider that the average number of divots a typical golfer creates during a round of golf is 45. This equates to 7.200 divots a day or 2.628.000 divots each year.

To empower the golfers to repair their marks it is imperative to always have the proper tools on hand: a ball-mark repair tool, topdressing material and a scoop.

DIVOT PRO TEAK

- WATER COOLERS -

SATISFY THEIR THIRST FOR REFRESHMENT

Our redesigned Kooler-Aid™ Water Station makes a popular product even better. We redesigned the top and tray to make it easy to fill the cup at the spigot. The new design also eliminates rust because water can't drip on the metal. For the ultimate in convenience, add a Standard Golf Litter Caddie™ to the tripod stand to give people a handy receptacle in which to dispose of used cups.

KOOLER AID™ WATER STATION

- Includes stand, tamper-safe top, 38 litre cooler and cup dispenser.
- Available in 3 colours

(please note: the new tops and trays are not interchangeable with the old parts).

KOOLER-AID™ (stand and top only)

- Weight: 17 kg.

- VINYL GUARD FLAGSTICKS -

NEW: pink flagsticks for your ladies or girls tournament or your Pink Ribbon event. Also pink cups and flags available.

PAR AIDE VINYL GUARD

Through our exclusive partnership with Vinyl Guard, makers of the popular vinyl shrink wrap coverings, we have created a full line of vinyl-covered flagsticks - your most durable flagstick option. These flagsticks are available in popular colour and striping patterns in both 1.3 cm and 1.9 cm models. All flagsticks come pre-applied with VinylGuard shrink-wrap coverings to save you time and money when considering a vinyl-covered flagstick option.

Some of the key features:

- Vinyl Guard flagsticks last longer and perform better.
- Will not fade, splinter, crack, nick, scratch or stain.
- Protection against damage from abrasion, UV rays, chemicals and the elements.
- Pre-assembled for convenience, no heat gun use required.

SMART FIT FERRULE

- Comes standard on all Standard Golf flagstick orders.
- Every Smart Fit Ferrule is notched to mesh perfectly with its counterpart – the Smart-Fit ST2000 Cup. See page 130.
- This exclusive ferrule/ cup combination prevents flagsticks from constantly twisting in the wind. (When flagsticks twist inside the cup, both ferrule and cup wear prematurely.)

Flagsticks don't stick, twist or lean, and they don't suffer from the constant wear and tear that typically occurs with older ferrule/ cup designs.

SG26515

- WOODEN FLAGSTICK -

ELEGANT ACCESSORIES FOR YOUR GREENS

If you are searching the most exclusive flagstick available, you have just found the right source.

Perennial flagsticks are an elegant combination of hardwood and brass.

- They are hand crafted, and give years of service with proper care.
- Hardwood sticks, specially cured and finished to withstand any golf environment.
- Shown is a flagstick with a golden brown stain, protected with a clear acrylic topcoat.
- We can apply a no gloss penetrating sealer if you want a "Links" presentation.
- Fiberglass rods are available in black or white, and the stock ferrule is grooved aluminum. On request we can change the ferrule to any Par Aide or Standard Golf ferrule.
- Wood section is 3 cm in the middle and tapers to both brass connectors.

Various models and color combinations available.

Perennial Tournament flagstick 2,29 mtr wood **DU37060**

Perennial Tournament flagstick 2,29 mtr painted **DU37061**

Please specify colours.

- MEASURING SYSTEMS -

THE LASER LINK DISTANCE MEASURING SYSTEM

THE QUICKSHOT

This flagship model will read distances to a Laser Link reflector from 25 to 300 meters. Just aim the red-dot at the reflector and you will have instant distance measurement. No need for exact aiming as the laser will spread and react immediately when hitting the reflector. Can be set with "double beep" or "silent" mode for distance confirmation. Large, easy-to-read LCD display.

Quick Shot **LL34101**

THE LASER LINK REFLECTORS

This can either be a screw-on-top reflector, the Smarty, or a flagpole with fully integrated reflectors, the Smartstick. Both versions allow 360 degree reflectivity. Once the laser hits the prism, the distance will be displayed.

The Smarty - simply screw on top of existing flagpoles. Molded from Dupont nylon to provide the ultimate in durability.

Smarty **PA1736**

SMARTSTICK

The Tournament Smartstick (2.29 meters) - the ultimate reflector product; prism reflectors are drilled directly into the body of the Par Aide flagstick to provide 360 degree reflectivity with a totally seamless integration. Available in three colour options - white, yellow and black / white (two stripe as shown).

- PLACEMENT MARKERS -

PLACEMENT FLAGS AND MARKERS

Our placement flags and placement markers make it easy to identify cup positions on the greens. Using a rubber grommet, the tubular flags or markers can be moved up or down to signify that the hole is at the front, centre or back of the green. The flags remind players to "Please Repair Ball Marks".

- Placement flags fit flagsticks up to 1.9 cm diameter.
- Placement markers fit flagsticks up to 1.3 cm diameter.
(not available for FatSticks)

PLACEMENT FLAGS (SET OF 9 INCL. GROMMETS)

-PUTTING CUPS-

Four distinctive styles, each with the hallmark of Par Aide products: durability, great appearance and impeccable quality. Your choices include the brightest white plastic cup in the industry, our traditional machined aluminium cup, and our patented Ever-White Cup, the one you've heard about with replaceable sleeves.

EVER-WHITE CUP

The patented Ever-White™ Cup has revolutionised the category by teaming an aluminium outside with a bright white plastic sleeve.

- No paint to chip, eliminating the need for stripping, sanding and painting.
- Easily replaceable sleeve stays tight in the cup during play.
- Resonates with the classic aluminium sound when the ball drops in.

PATENTED ALUMINIUM CUP COMPLETE WITH PLASTIC SLEEVE

- Meets all USGA regulations.
- Weight: 0.9 kg.

PA935

EVER-WHITE CUP REPLACEMENT SLEEVES

- Case of 18

PA935-1

CUSTOM DECAL FOR EVER-WHITE SLEEVE

Customize your hole cup.

We offer you the option of personalizing your hole cup. Because it is the sleeve that is personalized, it can be easily replaced, for example for a sponsored tournament.

PA520-1

-PUTTING CUPS-

Fits all ferrules.

PLASTIC CUPS

- Durable bright white Cicolac® plastic cups featuring minimum taper for a snug fit, both on the course and on the practice green.
- Weight: 0.23 kg.

Regulation Cup 15.2 cm

PA920

PRACTICE GREEN PLASTIC CUPS

- Durable bright Cicolac® plastic cups featuring minimum taper for a snug fit.
- Weight: 0.23 kg.

Practice Cup 10.0 cm

PA940

ALUMINIUM CUPS

- Our classic model, it's die cast oversize, then machined down to precision dimensions to minimise "wobble" in the hole.
- Surfaces anodised and dichromated for ultimate corrosion protection.
- The cup's vertical surfaces are powder-coated bright white. The bottom of the cup is not powder-coated, so there's no paint to chip.
- Weight: 0.9 kg.

Regulation Cup 15.2 cm

PA930

CUP STOP

- By inserting this rigid plastic disk into the bottom of the cup, the cup will not "sink" into the green once it is set.
- Also prevents flagsticks from "bottoming out".
- Fits all Par Aide cups.

Set of 18

PA932

-PUTTING CUPS-

ST2000™ NON-STICK CUP

The innovative ST2000™ design allows soil to pass down the sides and through the cup. This keeps the cup's socket dirt free and eliminates the ferrule from sticking. Contact points hold the flagstick firmly in place. A dirty ferrule just can not stick in the ST2000™.

- Brilliant white finish.
- Creates a distinctive sound when ball drops.
- Molded with polymers that resist chemicals.
- Available in both plastic and aluminium.
- Meets all USGA regulations.
- Designed for smooth ferrules only. Fluted or grooved ferrules won't fit.
- Size: 15 x 10.8 cm.
- Packed 9 per carton.

Plastic Cup **SG18222**
Aluminium Cup **SG18333**

SPECIAL EVENT & WINTER CUP

This 20.3 cm Bright White plastic cup is a great way to grow the game by giving beginners an easier target. It can also be used as a winter cup.

Plastic 20.3 cm special event cup **PA925**

Also available in 15.2 cm wide steel version.

Steel 15.2 cm special event cup **SG18600**

Please see page 194 for matching hole cutters.

-PUTTING CUPS-

All ferrules fit the below cups.

**STANDARD
GOLF COMPANY**

RIJI CUP

- Brilliant white.
- Made of rugged engineered grade polymers for resistance to chemicals.
- Tapered sides allow easy removal from the hole.
- Meets all USGA regulations.
- Size: 15 x 10.8 cm.
- Packed 9 per carton.

SG18200

ALUMINIUM CUP

- Easy to set and fit.
- Constructed of high grade aluminium.
- Stark white powder coated finish for better visibility.
- Corrosion resistant.

THE ACCUFORM® ACE II

The rake that started the revolution, the ultra-lightweight, patented Accuform® Ace.

- The first rake with short-tooths tines on one side for raking and a special surface for smoothing. It eliminates bad lies in the bunker.
- One-piece head, constructed of impact-resistant high-density polyethylene.
- Available in 43 cm width and the tour-popular 64 cm width.
- The most widely recognised bunker rake in the world.
- Preferred by top superintendents worldwide.

LOOK TO STANDARD GOLF FOR THE BEST RAKES IN THE BUSINESS

Whether you're looking for strength or affordability – or both, there's no reason to look any further. Our sand bunker rakes are specifically designed for golf course use. And there's a perfect rake for every need and budget!

TOUR-LITE™ RAKE

The Tour-Lite™ rake is designed with the same curvature and teeth as our popular Tour Smooth™ rake, but lighter in weight for easy, one-handed use. It rakes and smoothes in one, easy motion.

The ultralight handle and head are threaded for quick assembly. No screws and no cracked handles.

- High-density polyethylene head moulded from recycled materials.
- Ultralight plastic-coated steel handle.
- Handle grip cap.
- Weight: 0.53 kg.
- Size handle: 137 cm.
- Size head: 38 cm.
- Packed: 12 per carton.

Replacement side brush, set of 2	DU49415
Replacement wooden knob	DU49417

- SHOE CLEANERS -

The same attention to detail that Par Aide puts into their ball washers also goes into their spike and shoe cleaners.

- Bristles made from the toughest nylon fibre available to prevent them from matting down.
- Base is made of black anodised cast aluminium, so there's no paint to chip.
- Base brush available with traditional nylon bristles, or crimped bristles that are softer and denser to clean alternative spikes. Both styles fully interchangeable.
- More important than ever for on-course use with popularity of alternative-spike shoes.

PORTABLE SPIKE BRUSH STAND

It offers the stability and cleaning effectiveness of a fixed-position brush stand, and yet you can move it to wherever it's needed.

Replaceable brushes available in two styles for use with traditional or alternative spikes.

- Patented design features traditional or alternative base brushes and side brushes to thoroughly clean shoes.
- Holds steady on hard surfaces with integral rubber pads; spikes available to secure turf.
- Built-in ports let you add sand for weight if extra stability is needed.
- Hunter green and medium grey models available.

Weight: 26.5 kg.

HOLE CUTTER HANDLE WITH BUILT-IN BUBBLE LEVEL

Made from turned hardwood with a recessed bubble level. Straight cup every time, regardless of who's using it – from the novice hole cutter to the experienced veteran. Optional item for all Par Aide hole cutters and fits more major brands. See page 170 for HIO bubble level. Weight: 0.9 kg.

Wooden handle with bubble level **PA1029**

REPLACEMENT BLADES

Straight blade 10.8 cm sharpened
Inside **PA1007-01**
Outside **PA1007-02**

For all Par Aide hole cutters except the HIO-cutter.

REPLACEMENT BLADES

Scalloped blade 10.8 cm sharpened
Inside **PA1008-01**
Outside **PA1008-02**

For all Par Aide hole cutters except the HIO-cutter.

-HIO HOLE CUTTER-

Suggested blade use: Inside sharpened for sandy soil, outside sharpened for heavier soil.

HIO HOLE CUTTER

- Perfectly round holes with clean edges.
- Easy on arms and shoulders - no twisting required.
- Achieve uniform hole depth.
- Powerful action workd grat on clay-bases “push up” greens.
- Saves time.

HIO HOLE CUTTER

With inside sharpened blade **PA1003-1**
With outside sharpened blade **PA1003-2**

REPLACEMENT BLADE

Inside sharpened blade **PA1009-1**
Outside sharpened blade **PA1009-2**

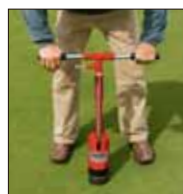

SEE A PRODUCT VIDEO AT WWW.DUCHELL.COM

1. Place HIO Hole Cutter in desired cup location.

2. Remove pin. Lift handle and hammer actions drives cutter into the ground.

3. HIO Hole Cutter cuts holes with one plug, every time.

4. HIO Hole Cutter leaves a perfectly round clean hole.

HIO BUBBLE LEVEL

This optional item for the HIO Hole Cutter assures a straight cup every time. It fits all existing HIO hole cutters, simply attaching through the two bolts that hold the handle in place.

Combat dry spots on greens and tees with our new Hand Aerifier. Choose from solid or hollow tines, each with 5.08 cm penetration. Includes a core collector for use with hollow tines.

- Each tine base includes replaceable tines on 5.08 cm centers.
- Rugged steel construction and a powder-coated finish.
- 5.08 cm centers hold 7.6 x 0.95 cm tines.

Body assembly only	SG29808
Hollow tine base assembly	SG29803
Solid tine base assembly	SG29805

ACCUFORM GREEN EDGER

The ideal tool for keeping your greens and surrounds looking perfect year-round. It allows you to keep definition between greens and surroundings and prevents two different turf types from migrating and blending into each other. And unlike traditional stick edgers, the Accuform Green Edger does not leave in attractive gouges. Simply walk the Edger around your greens and it easily slides and cuts troublesome "runners". Edging blade cuts 3.3 cm below the turf.

Accuform Green Edger	PA13260
3 pack replacement blades	PA13261

SLOT MACHINE

- Provides flat-bottomed slot at optimum depth to encourage seed germination and aid strong root growth.
- High tensile steel aeration tool also used for ground preparation before over seeding.
- Reinforced T-bar handle.
- Ideal for use on fine turf.
- All steel components have been clear zinc plated prior to high quality powder coat to ensure to remain rust free for many years of professional use.

Slot Machine	PCA822

-IRRIGATION MAINTENANCE TOOL-

GROUND ZERO II

No matter the application; golf course, sports field or other ground area; the GZ II is indispensable when undertaking irrigation projects.

The convenient folding design makes it easy to use, carry and store. The folding arms span 137 cm. Manufactured from high quality steel, this tool is virtually indestructible. Use the GZ II to install or reset heads and boxes properly.

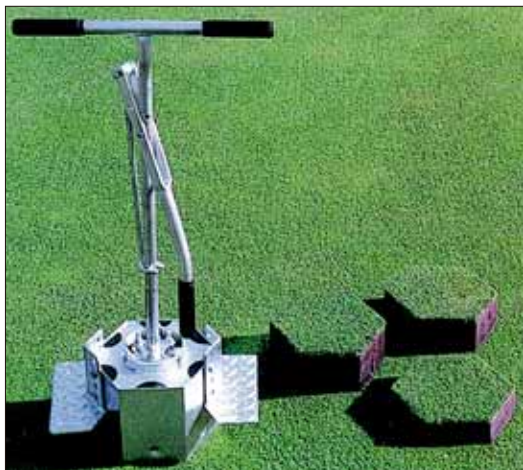

Doing the job right eliminates resetting, increases efficiency of head operation and stops mower damage due to improperly set heads and boxes.

MT525540

Convenient folding design.

-REPAIR TOOLS-

ADJUSTABLE DEPTH HEX-PLUGGERS

- These Hex-Pluggers can be adjusted to cut plugs from 5 cm to 12,7 cm in depth.
- Available in either a 17,8 cm or 22,9 cm diameter model.
- Both models come complete with hex cutting head and PowerStroke handle.

Adjustable Hex plugger, 17,8 cm **MT502117**

Adjustable Hex plugger, 22,9 cm **MT502119**

HEX-PLUGGER – CUTTING HEAD ONLY

Both sizes mount to Miltona or Par Aide Cup Cutter handles.

Adjustable Hex plugger, 17,8 cm head only **MT502127**

Adjustable Hex plugger, 22,9 cm head only **MT502129**

SQUARE AND RECTANGLE PLUGGERS

More options mean a better job.

- The Square Plugger will come in handy where straight edged repairs are preferred.
- The new Rectangle Plugger is a perfect size for plugging out divots on your fairway.
- Both models allow for stacking the plugs as you make them.

Square Plugger, standard 17,8 cm model,
cuts 7,6 cm deep plug **MT501104**

Rectangle Plugger, 6,3 x 15,2 cm,
cuts 5 cm deep plug **MT501118**

CUT PLUGS AT THE DEPT YOU DESIRE

- The Adjustable Dept Square Plugger cuts 17,8 x 17,8 cm plugs at a variety of depths.
- Attach the four pads in one of four locations to provide plug depths of 5 cm, 7,6 cm, 10,1 cm or 12,7 cm.
- This model cuts one plug at a time which is ejected by using the lever action handle.

Adjustable Dept Square Plugger,
complete with PowerStroke handle **MT501114**

Adjustable Dept Square Plugger, head only **MT501124**
Mounts on Miltona or Par Aide Cup Cutter handles.

-REPAIR TOOLS-

THE ORIGINAL HEX-PLUGGER - ONE-OF-A-KIND TURF REPAIR TOOL

- The patented Miltona original 12,7 cm Hex-Plugger has revolutionized turf repair.
- It eliminates the gaps that occur when using a hole cutter or round plugger thus greatly reducing “mending” time.
- The hexagon shape causes the plugs in repaired area to interlock and remain in place on sloped areas.
- While additional sizes are now offered and the 17,8 cm has become our most popular model, Miltona has kept its commitment to quality by utilizing solid steel construction for the frames and cutting blades.
- These pluggers are the benchmark for performance and durability.
- All models include a trowel to maintain uniform plug depth.

Hex-plugger 17,8 cm model, cuts 5 cm deep plug

MT502107

Hex-plugger 17,8 cm model, cuts 7,6 cm deep plug

MT502108

Hex-plugger 12,7 cm model, cuts 5 cm deep plug

MT502105

Hex-plugger 12,7 x 20,3 cm model, cuts 7,6 cm deep plug

MT502110

Repaired with the Hex-Plugger.

Repair attempted with hole cutter or round turf plugger.

Trowel included for uniform plug depth.

-REPAIR TOOLS-

PLUG STACKER

- Choose a plug diameter to meet your needs.
- The Plug Stacker repair tools cut and stack 3,8 cm, 5 cm or 7,6 cm diameter plugs 5 cm in dept.
- Perfect for repairing small dead spots and ball marks.
- The storage tube holds up to 12 plugs.
- When an application calls for re-establishing a turf species from plugs, the Plug Stacker is a “must-have” tool.
- Its rugged, professional grade construction outperforms other plugs cutting devices.

Plug Stacker, 3,8 cm	MT500101
Plug Stacker, 5 cm	MT500102
Plug Stacker, 7,6 cm	MT500103

AERIFIER ATTACHMENT

Convert the 7,6 cm Plug Stacker into a great little aerifier that collects all the plugs single 1,6 cm tine penetrates 15,2 cm deep.

MT515503

Can also be used as a Ball Mark Plugger

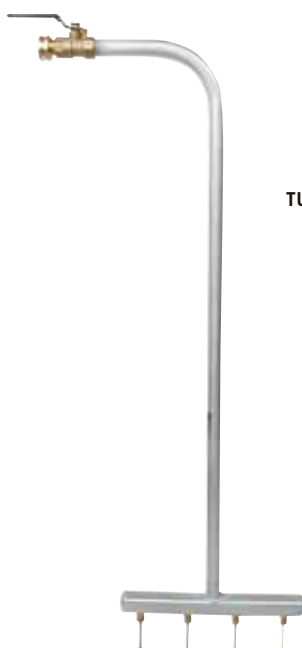

Ball Mark Plugger 3,8 cm **MT500101**

MT500102

MT515503

TURFJECTOR

- Your solution to dry spots.
- Wet down localized dry spots injecting water, wetting agents and other liquids.
- The Turfjector features 4 stainless steel injector tines that can penetrate the hardest turf up to 5 cm deep.
- It includes a ball valve to control water flow and connects to a 1,9 cm hose.

Turfjector	MT525570
Replacement Tine	MT515571

-REPAIR TOOLS & SOIL TESTERS-

SOIL PROBE

- Use this soil sampling probe to remove cores for soil testing, checking your thatch layer or your turf's root growth.
- Takes up to a 38,1 cm sample and has a replaceable 1,9 cm cutting tip.

Soil Sampling Probe **MT520515**
Extra Probe Tip **MT520516**

SOIL PROFILER

- Study your greens' soil profile.
- This profiler will give you a great soil sample 2,5 cm thick by 10,1 cm wide and up to 17,8 cm deep.

MT520520

SOD STRIPPER

- Miltona's Sod Stripper has come the rescue after, a hydraulic leak or unfortunate vandalism. It is also perfect for use during irrigation upgrades.
- The 152,4 cm length helps the Sod Stripper easily cut out strips of the damaged area as well as matching replacement strips from your turf nursery.
- Depth of cut adjustable between 1,6 cm and 2,5 cm.
- Heavy duty steel construction with zinc plating ensure the durability of the tool.

Sod Stripper Combo with 5 cm, 7,6 cm, 12,7 cm and 17,8 cm blades

- Individual packaging on request.

-TERMS AND CONDITIONS-

PRICING

Prices in Euro, and unless otherwise stated, per piece. Valid until December 31st 2014.

Prices excluding VAT.

Prices subject to change at any time.

Terms and Conditions of sale are subject to change at Duchell BV's discretion without prior notice.

TERMS OF DELIVERY

Ex works Soesterberg, The Netherlands.

CREDIT TERMS

For customers with established commercial credit, full payment of all invoices is expected on the due date.

A service charge of 1,5% per month is imposed on all overdue balances. All products are the property of Duchell BV until payment is received in full.

WARRANTY

Items from our Duchell's general catalogue carry a 12 month warranty. Please ask for applicable warranty terms.

Distributors are not authorized to give additional warranty / guarantees without prior approval of Duchell BV.

FREIGHT DAMAGE

Note any discrepancy or damage directly on the bill of lading at time of delivery.

Contact the carrier to file a claim and also notify Duchell's customer service department.

Please note that if the bill of lading has been signed, the customer accepts a correct delivery.

RETURNS

Requests for returns must be made within 30 days from date of purchase.

Items must be unused, in sellable condition and in their unopened original packaging.

A copy of the invoice or the packing slip describing what is returned and why must be provided.

Credit cannot be issued for damaged or obsolete items.

All products to be returned must have an official confirmation from Duchell stating that the return has been accepted.

Custom products, special items or non stock items are not returnable.

All returns are subject to a 15% restocking charge.

Please contact us for our complete terms and conditions.
